15+ Years

Telecom Experience

Python · VBA · AutoCAD

PROFESSIONAL SUMMARY

Dedicated Senior BSS Engineer with over 15 years of hands-on experience in telecommunications infrastructure deployment, project coordination, and vendor management. An intermediate Python developer with a passion for building desktop and web applications, RESTful APIs, and automation solutions that eliminate repetitive manual work. Proven track record in end-to-end BSS site implementation, LTE rollouts, and cross-functional team leadership across Nigeria's major telecoms operators.

TECHNICAL SKILLS

Programming & Development

Python (Intermediate)	Desktop App Development	Web App Development
REST API Development	Task Automation	VBA / Excel Macros
AutoCAD	Microsoft Project	STAAD Pro / Prokon
Microsoft Visio	Visual Basic	NetStat / NETSTAT DB

Telecommunications

BSS Implementation	LTE Deployment	Antenna & Feeder Testing (VSWR/DTF)
Ericsson RBS Installation	Ericsson Mini-Link TN	Huawei & Nokia Coordination
Fibre ATP	Technical Site Survey	Collocation Projects

Core Competencies

Project Management	Team Leadership	Stakeholder Management
Problem Solving	Attention to Detail	Works Under Pressure

WORK EXPERIENCE

9Mobile | Port Harcourt, Rivers State

Senior Engineer – BSS Implementation Aug 2009 – December 2025

- Lead end-to-end deployment of BSS sites, coordinating Huawei and Nokia vendors to strict company processes and timelines.
- Conduct all Acceptance Test Procedures (ATP) for site foundation, tower installation, and final site build sign-off.
- In-house implementation of LTE rollout project, delivering significant cost savings.
- Act as Delegation of Authority for the Regional Rollout Manager, overseeing all regional site activities.
- Coordinate fibre and enterprise link solution projects from survey through acceptance.
- Supervise feeder/antenna live verification tests (VSWR, DTF) and manage Health & Safety compliance on all sites.
- Developed Python and VBA-based project trackers to automate progress monitoring and reporting.
- Liaise with RF, Transmission, Legal and SAQ departments to resolve multi-disciplinary network issues.

Zain Nigeria | Lagos, Lagos State

Project Leader Jun 2005 – May 2009

- Supervised BTS, BSS and backbone site construction ensuring on-time, on-budget delivery within company standards.
- Managed vendor meetings, prepared RFPs, reviewed site drawings, and approved variation orders.
- Used Microsoft Project for full project lifecycle planning and reporting; AutoCAD for site layouts.
- Led MTN–Zain collocation projects and conducted fibre ATPs.
- Conducted Technical Site Survey (TSS) with SAQ and contractors; resolved community/landlord issues.

Mobile Engineering | Lagos, Lagos State

Site Engineer Mar 2004 – Jun 2005

- Construction and installation of MTN, Vmobile and Glo Base Telecommunication Stations, towers and equipment buildings.

Stroika Nigeria Ltd | Lagos, Lagos State

Structural Engineer Feb 2003 – Mar 2004

- Design, detailing, and foundation construction of structures; prepared bills of quantities and supervised compliance.

Federal Technical College, Shiroro | Niger State

Lecturer Jan 2002 – Dec 2002

- Delivered courses in building construction and concreting; trained staff and students in AutoCAD, MS Word and MS Access.

Ministry of Works & Transport | Ibadan, Oyo State

Trainee Engineer Nov 1999 – Apr 2000

- Assisted in bridge construction supervision and conducted CBR, Atterberg Limit, aggregate impact and concrete cube tests.

KEY ACCOMPLISHMENTS

- Developed Python & VBA project trackers that enhanced project delivery through automated, real-time monitoring.
- Led in-house LTE project implementation delivering a cost-effective alternative to external vendor rollout.
- Consistently commended for attention to detail, accuracy, and reliability in high-pressure telecom environments.

EDUCATION

Ladoke Akintola University of Technology — Ogbomoso, Oyo State

B.Tech (Hons) Civil Engineering | 1995 – 2001

Anglican Commercial Grammar School — Ibadan, Oyo State

SSCE | 1989 – 1994

CERTIFICATIONS & PROFESSIONAL TRAINING

Fate Computers — Ibadan, Oyo State

Diploma in Computer, AutoCAD, Desktop Publishing, Microsoft Project | Oct 2000

Industry Trainings

- Concrete Quality Control
- Strength Assessment & Design of Lattice Towers
- Ericsson Mini-Link TN Installation
- Ericsson RBS 2116 Installation
- Contract Problems and Adjudged Solutions

Software & Tools

- STAAD Pro & Prokon · Microsoft Visio Professional · Visual Basic / Python
